Frequently asked questions

Why PhoneBurner?

More quality live conversations (not just more calls). Unparalleled time-savings and automation. World-class US-based support and onboarding. These are three things that drive us and that lead to superior experiences and a stronger ROI for our customers.

Who uses PhoneBurner?

PhoneBurner powers millions of monthly conversations for thousands of clients. From SMBs to enterprise, we serve customers in financial services, insurance, mortgage, solar, IT, software, and many other industries.

What kind of support is offered?

Software is only as good as the team supporting it. Our in-house, US-based team will wow you with their knowledge and genuine desire to help. From no-pressure sales to expert support and onboarding to video-based training, you'll be fully supported from day one.

Do you include a CRM?

Sure do. PhoneBurner's CRM helps agents manage contacts and perform coordinated follow-up via calls, emails, and SMS. Maintain detailed contact records and automatically track communications and activity history.

Can I integrate with my CRM?

Absolutely. Through integrations with Salesforce, HubSpot, Zoho, Zoom, Zapier, and many other tools, as well as our open API, PhoneBurner can integrate with virtually any CRM.

Do contacts hear a pause before they are connected with an agent?

Never! Unlike other dialers, connections with PhoneBurner are instant. No dropped calls. No awkward clicks, beeps, or pauses. The experience is as seamless as if you dialed by hand - so calls start with promise, not hangups.

How do I manage my team?

Manage your entire team from a dedicated admin portal. Remove and edit seats, set permissions, distribute leads, run reports, engage in live call monitoring and coaching, and push configurations to get agents up and running quickly.

Are there usage fees?

There are no usage fees, no setup fees, and no per minute charges.

Are discounts available?

Save 15% when you pay annually. Call (877) 588-2292 to discuss your needs with our sales team.

How does the free trial work?

Get free minutes to test-drive the dialer, plus resources and support to determine if PhoneBurner meets your needs. Evaluating for a team? Get a custom demo and expanded trial for your agents. No-pressure sales and expert onboarding ensure a seamless transition from evaluation and decision to a successful launch.

Admin features you'll love

Multi-user accounts include exclusive features to help track, manage and motivate your team.

Dedicated Admin Portal

Manage people, campaigns and settings from one easy-to-use dashboard.

Add/Remove/Edit Seats

Add and remove users and edit permissions as needed.

Smart Lead Distribution

Get the right leads to the right reps at the right time, automatically.

Real-Time Reports

Keep reps accountable with custom reports and live leaderboards.

Rapid User Setup

Share content and configurations so reps focus on selling, not setup.

Dedicated Success Manager (Teams 5+)

Have a trusted expert to turn to for setup, support and advice.

You'll love the platform... and the live U.S. based support.

"This software is amazing, it helps you literally 'burn' through your calling list. This tool allows me do an hour of manual work in about 15 minutes."

ROBERT M.

"The two things that I liked most about PhoneBurner was the Customer Service and Value of what we were getting for what we paid."

BENJAMIN S.

Have more conversations. Close more deals.
