kinnow.ai

PRICING · NOVEMBER 2026

No licence fee. No per-user fee. *Ever.*

Kinnow prices the work, not the software. You pay for what Kinnow does for your business, never for how many people use it, so your price stays the same as your team grows.

NO LICENCE FEE FOR

- ✓ All 49 applications
- ✓ Building your own agents
- ✓ Every login in the company
- ✓ Switching on a new application

WHAT YOU PAY FOR

1	**Kinnow Cloud**	Hosting, security, updates and Ask Kinnow. India accounts hosted in India.	Flat fee set by the size of your business. Does not rise with users, applications, invoices or storage.
2	**Agent packs**	The work AI agents do: drafting quotations, matching supplier bills, preparing reminders. Choose Essential, Optimal or Complete.	Credits refresh monthly; up to 20% of unused credits carry over one month; top-ups last 12 months. Alerts before any limit.
3	**Setup**	Bringing your data across and setting Kinnow up, by Kinnow or a certified partner.	One-time, quoted. Two or three problems solved first, typically in about two weeks.
4	**Customisation**	Changes to how Kinnow works, only when you ask for them.	Scoped and agreed in writing before work starts.

LEVELS YOU CHOOSE

Agent packs
Essential · Optimal · Complete

Support
Standard · Priority · Premium

Continuity
Backup · Assured · Critical

If credits run out, nothing stops. The ERP keeps working fully by hand, and agents pause until you top up.

One fixed price, in writing. A Kinnow partner or the Kinnow team sets it after a short conversation, around the size of your business, your industry and the work you give the agents.
