

Pricing Plans

Two ways to launch your healthcare app - we build it for you, or you build it on our platform.

Build Your Healthcare App

Our team takes your idea, prototype, or spec and delivers a production-ready, HIPAA-compliant app in 4 weeks. Fixed price. BAA signed on day one.

Starting at

\$10,000 per project

[Get A Fixed-Price Quote →](#)

- ✓ Fixed price - you pay what we quote, no change orders.
- ✓ 4-week delivery guarantee for production MVPs.
- ✓ BAA signed before development begins.
- ✓ Deployed on SOC 2 Type II / ISO 27001 / HIPAA-certified infrastructure.
- ✓ Full code ownership - export your Node.js codebase at any time.
- ✓ Optional ongoing retainer for development, support, and compliance.

Hire Experts to Build your Healthcare App

Most of our healthcare clients choose to have our team build and maintain their app. Fixed-price builds start at \$10,000. Monthly retainers for ongoing development and compliance support are available.

- Get your healthcare apps developed by our experts
- Train your employees/team-members to manage the app themselves
- Ongoing support for new development/enhancement
- Support on deployment on your infrastructure
- Continuous monitoring and updates
