TrainerCentral is very easy to use and has allowed us to create online courses quickly and efficiently. Its interface is intuitive and can be used by anyone with only minimal training. Using it gives us great speed and flexibility in creating new courses and updating existing ones.

**Jose Perez,**  
 Director, the Conversational Business Chair, University of Valencia

## Frequently Asked Questions:

- What is TrainerCentral's Live Virtual Classroom?**

The built-in virtual classroom capability in TrainerCentral helps you host live training sessions to hundreds of remote learners. It includes features like group video sharing, whiteboard, screen-share, chat, polls, live test, and more. [Check it out.](#)
