All plan features

Transparent pricing for every stage — from pilot to enterprise. Start with a free Starter plan, scale to growth, and move to a fully-managed enterprise solution as your regulatory needs and deployments expand.

	FEATURES	DESCRIPTION
<input checked="" type="checkbox"/>	Auto-Discover AI Inventory	Automatically Detect And Catalogue All AI Systems, Models, And Use Cases Across Your Organisation For Complete Visibility.
<input checked="" type="checkbox"/>	AI Use Case Lifecycle Management	Seamlessly Manage Each AI Use Case From Onboarding And Approval To Production, Retirement, And Archival.
<input checked="" type="checkbox"/>	Auto-Detect AI Use Case Risk Level & Risks	Intelligently Assess And Classify Risk Levels For Every AI Use Case, Highlighting Potential Ethical, Operational, And Compliance Risks.

	Support 30+ Global AI Regulations	Stay Compliant With 30+ Global AI Frameworks Including The EU AI Act, NIST AI RMF, ISO 42001, And More — All Mapped And Updated Automatically.
	Auto-Suggest Controls And Evidences	Get Automated Recommendations For Relevant Controls And Evidence Documents Based On Your AI System's Risk Profile And Regulatory Scope.
	Organisation-Wide Compliance Policies	Define And Enforce Governance And Compliance Policies That Apply Across All AI Use Cases And Departments.
	Draft Tailored AI Policies From Global Standards	Instantly Generate Customised AI Policy Drafts Aligned With Major Global Standards And Your Organisation's Unique Governance Model.
	Generate Compliance-Ready Reports	Create Detailed, Audit-Ready Reports For Compliance Monitoring, Risk Assessments, And Executive Governance Reviews In A Few Clicks.
	Vendor Management For AI Procurement	Evaluate, Onboard, And Govern Third-Party AI Vendors With Automated Assurance Checks And Risk Gap Assessments.
	Manage Model Inventory & Approval	Maintain A Unified Registry Of All AI Models, Their Ownership, Metadata, And Approval Status To Ensure Accountability.
	Real-Time Monitoring & Observability	Continuously Monitor AI Systems' Behaviour, Usage Patterns, And Outputs To Maintain Trust And Performance Integrity.
	Detect Real-Time AI Risks In Production	Proactively Identify Emerging Risks Or Anomalies In Live AI Systems Using Automated Monitoring And Alert Mechanisms.
	Manage Project Teams	Collaborate Securely By Assigning Roles, Responsibilities, And Access Levels To Team Members Within Each AI Project.
	Manage Roles & Permissions For Restricted Access	Define Granular Roles And Access Controls To Ensure The Right People Have The Right Level Of Visibility And Authority Across The Platform.

Business impact & ROI

GOVERNANCE AS A VALUE DRIVER

Investing in governance reduces regulatory risk, speeds approvals, and increases user trust.

 Reduce audit effort with automated evidence packs

 Lower cost of compliance with reusable templates & workflows

Frequently Asked Questions (FAQs)

What's included in the free trial? –

➤ The 30-day free trial gives you full access to Adeptiv AI's core features for 1 user and up to 2 projects. It's designed to help you experience the platform's value before committing.

Do all plans include the same features? +

Can I upgrade or downgrade my plan anytime? +

What happens after my trial ends? +

How is the custom pricing determined? +

Do you offer annual billing discounts? +

What support options are included in each plan? +

Do you provide training or onboarding assistance? +

Is there a setup or implementation fee? +

How can I get a demo or request a proposal? +

Our AI-powered AI Governance platform simplifies the process with an intuitive experience and structured approach, enabling organizations to seamlessly monitor, audit, and govern the AI registry without any frictions.
