## Everything you need

Powerful link management built for modern teams.

 <p><b>Smart Short Links</b> Branded short links with custom slugs and real-time click analytics.</p>	 <p><b>Deep Analytics</b> Track clicks, referrers, geolocation, and devices in real-time dashboards.</p>	 <p><b>Custom Domains</b> Use your own domains for a fully branded, professional link experience.</p>
 <p><b>Team Collaboration</b> Invite your team, assign roles, and manage access per workspace.</p>	 <p><b>Fast Redirects</b> Edge-powered redirects with sub-50ms latency worldwide.</p>	 <p><b>Enterprise Security</b> Audit logs, granular permissions, and role-based access for large teams.</p>

[New Feature](#)

## Secret Links

Share passwords, API keys, and sensitive data with self-destructing links.  
Zero knowledge, full control.

 <p><b>Burn After Read</b> Secrets self-destruct after a single view — no trace left behind.</p>	 <p><b>Auto-Expiry</b> Set time-based expiration from 5 minutes to 30 days.</p>	 <p><b>Passphrase Protection</b> Add a passphrase so only the intended recipient can reveal the secret.</p>
 <p><b>View Tracking</b> Know exactly when and where your secret was accessed.</p>	 <p><b>Audit Timeline</b> Full event history — created, viewed, burned, revoked — all logged.</p>	 <p><b>Multiple Formats</b> Share text, credentials, or secure notes with structured fields.</p>
