REPORT TYPES INCLUDED

Full home, 4-point, wind mitigation, sewer scope, mold, radon, pool, septic, commercial, manufactured home — all included.

PAYMENTS

Card payment processing is included. Per-transaction fees go to Stripe at the standard rate (2.9% + \$0.30) — InspectorData adds no markup.

45-DAY FREE TRIAL

No credit card required — sign up with an email and use every feature for 45 days. At the end of the trial you choose whether to continue; payment is only collected then. Cancel any time; your data exports to PDF.

WHY FLAT-RATE (NOT PER-REPORT)

Most inspection software charges per report, per inspector, or per feature — so you do math on every job. InspectorData is one flat monthly price whether you run 5 reports or 200. For an active inspector, that's pennies per report.

DISCOUNTS

Annual and multi-inspector discounts are available — email lisa@inspectordata.com to discuss.
