- Offline playback
- Scheduling & playlists
- Widgets
- Centralized dashboard for all screens

Enterprise

Custom

- Large and multi-branch rollouts
- Multi-tenant management
- Custom plan — contact sales

How Per-Screen Pricing Works

Your bill = number of connected screens × $4, charged once per billing cycle. No setup fee, no hidden line items.

Example	Screens	Price per billing cycle
Single location	5	5 × $4 = **$20**
Growing rollout	20	20 × $4 = **$80**
Multi-branch	Any	$4 per screen, regardless of branch count

Billing & Payment

Billing cycles	Monthly, quarterly or yearly
Payment methods	Bank transfer, card or cash
